About Me

I'm a passionate Web Developer specializing in WordPress and front-end development, with a creative mindset that blends technology and design. I love turning ideas into visual, functional digital experiences — combining my development skills with the power of AI to create smart, engaging, and future-ready solutions. I'm constantly learning and experimenting with new tools and trends to stay ahead in the evolving world of web and AI innovation.

My Projects

Link: shubham.tagdacoder.in

Developed a responsive personal Demo website showcasing my web development skills and creative work. Built using WordPress and custom HTML, CSS, and JavaScript to ensure a smooth and engaging user experience. Integrated modern design elements and optimization techniques for performance and SEO. The site represents my ability to turn ideas into visual, functional digital experiences — combining creativity, technology, and continuous learning with AI-driven innovation.

Education

Bachelor Of Computer Application
2024 - 2027 Manipal University
Jaipur
